Cancer Exercise Individual/Small Group Personal Training (For Strength, Support, and Self-Esteem)

A community experience aiding in recovery through exercises designed to improve strength & flexibility, reduce pain & fatigue and improve exercise tolerance. Sessions will include lymphedema risk assessments and exercises to help manage lymphedema. Participants choose between attending once or twice a week. Each participant receives 2 Ind./3 Small Group 45-minute assessment & customized exercise modifications during the 12-week program. For more information email: cancerexerciseprog@ymaryland.org or call 443-322-8085.

***Payment plans and financial aid are available.*

Small Group Training

Take your workouts to the next level with Small group Personal Training. Classes have no more than eight members to give you the individualized attention you need to meet and exceed your fitness goals. Templates to choose from are below.

Strengthbuilder (2285)

This small group personal training program will build strength and power and burn calories by alternating muscle groups and strength movements. All fitness levels welcome.

Power Super Sets (2286)

This intermediate to advanced level small group personal training program will incorporate super sets of strength movements to burn calories and build strength and power.

Cardio & Strength Super Sets (2287)

Designed for all fitness levels and abilities, this small group personal training program will burn calories to build strength through specific movement patterns and cardio intervals.

Total Body Burn (2288)

Strength Supersets with a cardio interval kick up the intensity and increase the calorie burn and builds strength and power in muscles in this small group personal training program.

Extreme Total Body Burn (2289)

Strength Supersets, cardio intervals, and plyometrics amplify the intensity and increase the calorie burn and builds strength and power in muscles. Using specific functional movements that mimic daily activities, this advanced small group personal training program focuses on power, strength, and cardio. This program is recommended only for participants who can squat at least 1.5 times their body weight.

Member Rate/Open Rate: 7 Week Session: \$70/\$140—Drop-in: \$20/\$40
